We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. BRC's vision and values reflect our commitment to acting ethically and with integrity in all our business relationships and to implementing and enforcing effective systems and control including ensuring slavery and human trafficking is not taking place anywhere in our supply chains.

SUPPLY CHAIN

Our supply chains principally include the sourcing of raw material scrap ferrous metal. Respecting human rights and environmental issues in the supply chain is ultimately our suppliers' responsibility. However, we understand that we play an active role in supplier development and clearly communicate our expectations to our suppliers. We have zero tolerance to slavery and human trafficking. We expect all those in our supply chain and contractors to comply with our values.

PROCESS

As part of our initiative to identify and mitigate risk -

- Where possible we build long standing relationships with suppliers and customers and clearly communicate our expected ethical conduct;
- With regards to our supply chains, we expect these entities to have suitable anti-slavery and human trafficking policies and processes;
- We have in place systems to encourage the reporting of concerns and the protection of whistle blowers.
